APPLICATION FORM - GEMSTONE ADVERTISEMENT

Vendors wishing to submit an Australian Gemstone for sale must complete this Application Form.

This listing service is made available in an effort to make purchasers aware of the variety and high quality of Australian gemstones. No financial gain is sought from helping sellers promote their gemstones, and the $ 20.00 listing fee is solely to cover the website administration costs. All gemstones listed on this site must be guaranteed to be natural and of Australian origin.

This listing service is not restricted to sapphires, and any genuine Australian gemstones may be listed. Since purchasers of valuable gemstones like to know as much as is possible about the stones they are buying, vendors are encouraged to provide full details in their listing information.

Vendors using this service must be prepared to supply a clearly worded, unambiguous Certificate of Authenticity which will include statements on:-

a. The true nature of the stone.
b. Any treatments that have been applied to the stone.
c. The place of origin – where it was mined – and by whom, if possible.
d. The place of polishing or faceting – and by whom, if possible.
e. The correct dimensions, weight, and cut.
f. Any known inclusions or flaws.

Note: This listing service may not be used for any stones which have any of the following properties:

1. Are synthetic, artificial, 'created', or otherwise man-made.
2. Have been subjected to chemical modifications, such as beryllium treatment.
3. Have been subjected to radiation treatment to modify the colour/nature of the gemstone.
4. Where the colour is produced or modified by dyeing or staining.
